- Road transport (first/last mile)
- Customs clearance
- Customized services

THEY TALK ABOUT US !

Find completes interviews here:

Alexandra Malo:
Import and Service Procurement Manager
Carrefour Import

“Paris Terminal and Terminaux de Seine are a strategic asset for Carrefour Import. They address three key priorities for us: the smooth flow and consolidation of our goods, the predictability of our operations, and the reduction of our carbon footprint. We work on a daily basis with expert and responsive teams who meet our needs!”

“Paris Terminal is the go-to partner for us, given the need to deliver to warehouses in the Paris region. Today, with the challenges facing road transport, Paris Terminal and Terminaux de Seine are truly the solution to consider!”

Jean-Marie Petitdidier:
Director
Les Mousquetaires

“Paris Terminal is the ideal partner to support our group’s policy of reducing emissions across the entire transport sector. Please do not hesitate to contact Paris Terminal; their teams are here to assist you and will provide you with highly reliable quotes and feasibility studies.”

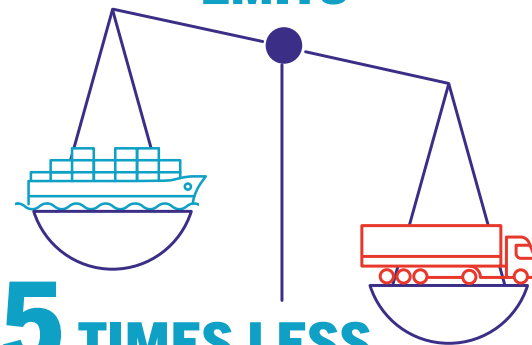

Thomas Fabvier:
Large-Scale Imports Manager
Saint-Gobain Distribution

OUR COMMITMENTS

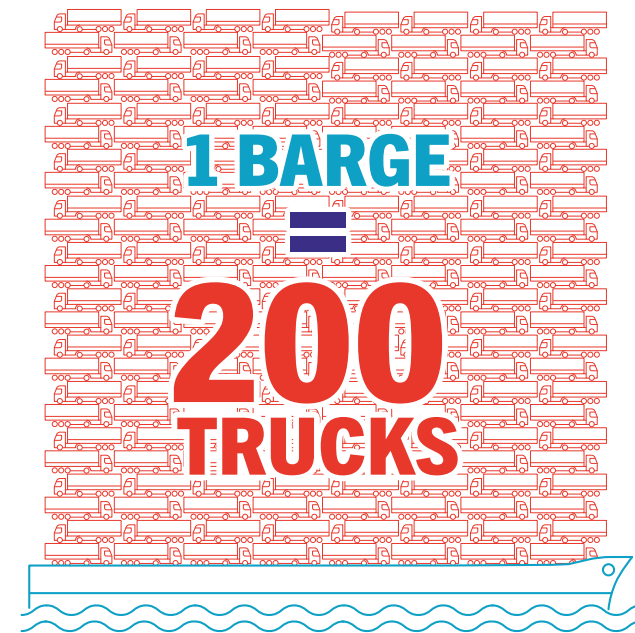

Concerned about the challenges of energy and ecological transition, Paris Terminal is committed to deploying a multimodal offer for green logistics!

River and combined transport have an exceptional environmental record, reducing the number of kilometers traveled by road, and thus contributing to common objectives of energy sobriety.

RIVER TRANSPORT EMITS

5 TIMES LESS CO² EMISSIONS PER TONNE

1 KG OF OIL TRANSPORTS 1000 KG OF GOODS OVER...

- 50 KM** (with truck icon)
- 130 KM** (with train icon)
- 275 KM** (with barge icon)

OUR AMBITIONS

ESTABLISH

Paris Terminal as the low-carbon logistics choice for the Seine Corridor.

INTEGRATE

our hubs into major European logistics corridors and boost the competitiveness of the Seine Corridor and the Seine-Nord-Europe Canal.

CREATE

reliable multimodal river-rail-road solutions.

WORK WITH OUR CUSTOMERS

to co-create high value-added logistics services.

SERVE

society and our customers, develop our teams and support the evolution of the ecosystem.
